DANIELS SCORES APPROPRIATION BILL FOR NAVY

Measure Fails To Meet Needs Of Department.

ISSUES STATEMENT
Charges Congress With "Merely Postponing" Expenditures.

Washington, June 7.—Criticism of the new naval appropriation bill as failing to meet some of the navy's most vital needs, Secretary Daniels declared congress had not reduced naval expenditures, but "merely postponed them until after the election," at the cost of naval "progress and efficiency."

The secretary said congress had failed to provide for the "adequate" development of the naval establishment on the Pacific coast; to make "even half-way provision for naval aviation; to authorize the construction of a "single new ship," and to appropriate sufficient money for essential ship repairs.

Announcing that "large plans" for aviation development were being prepared for presentation to congress when it reconvenes in December, the secretary said the \$20,000,000 appropriation for aviation made at the last session was wholly inadequate to permit the navy to keep abreast of other countries in naval air craft development. Failure of congress to provide adequate funds for ship repairs will mean only rapid deterioration and greater cost in the end, he added.

WILSON TO INVADE POWERS OF RECESS FOR MORGENTHAU

President Will Disregard Refusal Of Senate Of Appointment.

Washington, June 7.—President Wilson will disregard the action of the senate in refusing to confirm the nomination of Henry Morgenthau to be ambassador to Mexico and will invoke the power of recess appointment to fill the vacancy, it was learned today. This action will be taken as soon as the president is convinced that a "stable government" has been established in the southern republic and probably will constitute the first formal recognition of the new government.

Neither the senate's refusal to confirm the appointment of Mr. Morgenthau, it is understood, nor the opposition to him which has been expressed in other quarters from time to time, has shaken the president in his belief that the former ambassador to Turkey is well fitted for the Mexican post.

Several times since the nomination reached the senate, it has been reported that Mr. Morgenthau would withdraw his name but each time the reports were emphatically denied at the state department and always with the intimation that he enjoys the absolute confidence of the administration. Experts on international law are agreed that the appointment of an ambassador to Mexico and the presentation by him of his credentials would constitute recognition of the De La Huerta government or vice versa, recognition would be accomplished if the president would accept the credentials of an ambassador sent to Washington by Mexico.

MEXICO ACCEPTS AID OF U. S. IN FIGHTING PLAGUE

Mexico City, June 7.—President De La Huerta has accepted President Wilson's offer of aid to fight the bubonic plague at Vera Cruz and it is expected that a destroyer bearing doctors nurses and medicines will arrive at Vera Cruz on Wednesday from New Orleans. All political prisoners throughout Mexico have been ordered released. Fernando Calderon will be sworn in as foreign minister on Thursday.

COLISEUM WHERE REPUBLICANS WILL CHOOSE CANDIDATE

View of exterior of mammoth coliseum at Chicago where Republicans will open session Tuesday to select a nominee for President of the United States.

The session this year promises to be the most tempestuous one in the history of the party with all of the eight leading aspirants running strong as the final lap is reached.

Old time leaders admit that the contest is any man's fight and that it is impossible to predict who will come away with the coveted prize.

JOHNSON'S FIGHT HELPED BY ARRIVAL OF BORAH; NO CHANGE IN SENTIMENT

Appearance Of Senator Barah Most Significant Feature Of Pre-Convention Development As He Is Fighting Champion Of Hiram Johnson; Belief Prevails That Convention May Be Stampeded After First Ballot; Near Panic Prevails.

Chicago, June 7.—There was no appreciable change in the relative positions of the eight avowed Republican presidential candidates early today, but with caucuses of more than a dozen states in session during the forenoon and with the delegates from many other states pouring in at every railroad station, it was expected that "national sentiment" might begin to show its bright and shining face here pretty soon.

Without a doubt the most significant feature of the pre-convention development is the appearance of Senator William E. Borah, Idaho, as member of the resolution committee which will of course, build the

party's platform. Senator Borah is the fighting champion of Sen. Hiram Johnson, thus aiding his general position in the race. Indeed Senator Borah's arrival here from Washington has given a new zest and meaning to Johnson's active fight and the Idahoan is proving to be a rallying post for many delegates who heretofore have been more or less in bewilderment.

There had been talk for several days here that the opponents of Johnson proposed to keep Borah out of the platform situation but he breezed in with no apparent difficulty.

As the matter stands today it

would be a bad sporting proposition to bet more than this week's wages on the chances of any Republican "horse" light or dark. This is the most definitely open free-for-all G. O. P. quadrennial conclave within the memory of—well, say, Chauncy M. Depew or Uncle Joe Cannon or any other old timer. "No man knoweth," say the old guardsmen, in wonderment. They believe that within 24 or 48 hours sentiment will begin definitely to consolidate.

Lowden, Johnson, Butler, Wood, Poindexter, Sproul, are the leading candidates on the ground and their fight went merrily on today, while the convention shouters and button-holders of the conspicuous absentee candidates, Hoover and Coolidge, took a new grip on their difficult tasks and showered the delegates with argument and plea.

Leaderless and for the most part un instructed, it was the expressed belief of many delegates, the convention might easily be stampeded after the first ballots and part of the near panic observed among the various candidates for the nomination was ascribed to that fact.

Many of the delegations have a preference primary to consider, but after performing their primary duty they do not feel themselves bound to any one. They are frankly willing to climb any band wagon that comes along whose music gives indication of sweeping the country next November.

COMMISSION GIVES PRINCIPLES WHICH WILL CONTROL

Washington, June 7.—The interstate commerce commission today announced general principles which will control its recommendations to the secretary of the treasury in making loans to the railroads from the \$300,000 revolving fund created under the Cummins-Esch act. A loan of \$125,000,000 to the carriers will be recommended to be distributed as follows: \$75,000,000 for freight cars; \$50,000,000 for locomotives.

PERKINS SICK

New York, June 7.—George W. Perkins, a supporter of the late Theodore Roosevelt and a familiar figure at several Republican conventions, will not attend the present gathering at Chicago, it was definitely announced today. Perkins has today announced that he would cast his vote for Hiram Johnson on every ballot. She is from the eleventh district.

WOMAN TO VOTE JOHNSON

Chicago, June 7.—Mrs. Edward E. Butler, of St. Louis, Mo., the only woman delegate on the Missouri delegation with a full vote, who arrived today announced that she would cast her vote for Hiram Johnson on every ballot. She is from the eleventh district.

WOMEN FROM ALL PARTS OF NATION READY TO PICKET COLISEUM AT CHICAGO TUESDAY

But One Chance Remains To Stop Drastic Step.

Chicago, June 7.—The women from all over the nation who are in Chicago today, grim and ready to advance on the coliseum tomorrow to picket the national convention until suffrage is properly recognized, announced that but one last chance remains to stop their drastic steps.

Mrs. Abby Scott Baker, political chairman of the national woman's

RAILROAD STRIKE WITHIN TWO WEEKS

Washington, June 7.—A general railroad strike may be declared within a fortnight unless the railroad labor board quickly makes a satisfactory adjustment of wage demands, according to E. J. Manion, president of the Order of Railroad Telegraphers and Secretary of the Railroad Union Alliance, who arrived today from Chicago.

CUNEO FINDS A WAY

Rome, June 7.—Sherman D. Cuneo, of Upper Sandusky, and Columbus, will get into the convention as representative of the Marion Star, of which Senator Harding is publisher. Cuneo is on the Harding campaign publicity staff.

Unanimous Support Of Sproul Feared Is Wrecked.

VAUCKLAIN BOLTS

Harding Leaders Are Encouraged By Break In Delegation.

Chicago, June 7.—Grave fears are felt by Pennsylvania Republican leaders as they enter conference this morning that a split will come in the delegation, and that the expected unanimous support of William C. Sproul for nomination for president cannot be counted on.

The firm leadership of Senator Boies Penrose is missing from the councils of the Pennsylvania delegates and the absence of Senator Knox complicates the situation.

Samuel Vaucklain's bolt from Governor Sproul may have far reaching consequences with the delegation. Vaucklain is president of the Baldwin Locomotive works. He has influence with the business leaders of Philadelphia and eastern Pennsylvania. The support of these business support of these business leaders of Philadelphia and eastern Pennsylvania. The support of these business interests has been counted upon confidently by the Sproul faction in the state delegation.

Harding leaders were encouraged by the break in the Pennsylvania delegation. They have insisted that Senator Harding had the support of Senator Penrose and of the other Pennsylvania leaders, and the statement of General W. A. Atterbury that "Pennsylvania was behind Sproul first, last and all the time," meant only that the delegation would support Sproul as a favorite son. When this vote had been given they expected Pennsylvania to swing its 76 votes behind Harding.

BREAK SIGNIFICANT.

The bolt by Vaucklain, they believe is the first evidence that the Pennsylvania governor is not to be permitted to seize the reins of leadership from Penrose and break the implied if not actual, promise given Harding that he could rely on help from Pennsylvania.

Vaucklain says he is a candidate for the presidency, representing the business interests of the country.

It is recognized however, that his decision now against Governor Sproul has a more significant aspect than mere desire to promote his own candidacy. It means a serious split in Republican party ranks in the state. This great delegation of 76 members is to be shot to pieces and no one can tell now how it will go in the balloting.

Adherents of Governor Sproul announce that they will select the governor as chairman of the delegation and General W. W. Atterbury the Pennsylvania railroad vice president, as vice chairman. Senator Penrose was chairman of the delegation but will not attend the convention. The position of Vice Chairman is one of honor and is given in recognition to General Atterbury.

Senator Knox was selected by the delegation some days ago as its representative on the convention committee on resolutions, but he will not attend the convention. Mayor J. Hampton Moore, of Philadelphia, is slated to fill the position given Senator Knox.

STRIKES COST LABOR OVER FOUR MILLION DURING PAST YEAR

Annual Convention of A. F. O. L. Opens Sessions Monday.

Montreal, Que., June 7.—Strikes in the past year cost labor more than \$4,000,000 not counting the loss in wages, Secretary Frank Morrison of the American Federation of Labor announced in his annual report when the fortieth annual convention of the federation opened here today.

The non-partisan political campaign of the federation has cost \$11,096 to date. According to Secretary Morrison's report \$29,545 has been contributed to the campaign fund by memberships of international unions.

Labor contributed \$426,823 to support the steel strike which was one of the costliest in the history of organized labor. There were 1,225 strikes recognized by the federation and six million workers secured increased wages or better working conditions, Mr. Morrison said. More than 1,000,000 new members were gained by the federation during the year, bringing the total membership to 4,509,213.

More than 600 delegates from the United States and Canada are attending the convention.

REPUBLICAN LEADERS AGREE ON PLATFORM AGREEABLE TO FACTIONS

Conferences Between Progressives and Old Guard Held.

DECIDE ON LEAGUE

Four Outstanding Features Of Plank Are Set Forth.

Chicago, June 7.—There were unmistakable signs today that however the Republican leaders were split on the choice of a presidential candidate they were rapidly approaching an agreement on a platform that would be agreeable to all elements of the Republican party.

A series of conferences between Progressive and Old Guard leaders culminated in a heart to heart talk between Senator Borah, of Idaho, and Senator Watson of Indiana, about a league of nations plank which lasted until an early hour this morning.

It was understood that Borah, militant leader of the senate "irreconcilables" flatly informed Watson, spokesman for the Old Guard that an unqualified reaffirmation of the doctrines of Washington and Monroe regarding entangling foreign alliances must be written into the Republican platform in language that would leave no doubt as to its meaning and intent.

Borah is said to have assured Watson of his support on the condition that the league of nations plank adopted was satisfactory to him and to Senator Johnson of California and to other aggressive progressives who are bitterly opposed to President Wilson's league of nations.

Borah On Committee

Borah was placed in an advantageous position not long after his arrival from Washington. The Idaho delegation met—and without touching on the badly mixed presidential situation—selected Borah as Idaho's representative on the committee on resolutions. This was a signal victory for the Idaho senator and quickly dispelled the report that the delegation was not going to get behind Borah.

As a member of the committee Borah will be able personally to participate in every move that is made in the drafting of the platform. It was understood the league plank would set forth four outstanding features on which Republican leaders were confident they would be sustained by an overwhelming majority of the American people:

First—A denunciation of the league of nations covenant espoused by President Wilson.

Second—Unqualified approval of the stand taken by the Republican majority of the senate in refusing to commit the American people to the league of nations without the Lodge reservations.

Third—The creation of an international court of arbitration in lieu of the league plan as formulated by President Wilson and others of the "big four" at Versailles.

Fourth—A ringing reaffirmation of the doctrine of Washington and Monroe that the American people be kept out of entangling foreign alliances.

Such a plank would meet the views of all elements of the Republican party, it was predicted, and would enable Senator Lodge, in his keynote address as temporary chairman of the convention to clearly enunciate a treaty and league issue on which the Republican party will be prepared to rise or fall. The treaty plank out of it's way the committee on resolutions is not expected to encounter any serious difficulties in drafting the other planks which are to constitute the platform.

Borah and other influential Republicans on the scene are also insisting upon planks dealing effectively with the industrial situation and disputes between capital and labor, and still another pledging the Republican party to the condemnation and elimination of the use of "slush funds" in campaigns such as have been uncovered by the recent senate investigation.

TO RATION SUGAR TO CONFECTIONERS

New York, June 7.—A joint distribution committee to ration sugar to confectioners throughout the country will be formed here within two weeks, Armin W. Riley, special assistant to Attorney General Palmer, announced. Characterizing the sugar situation in the United States as more critical than at any time during the war, Mr. Riley said an effort would be made to have bakers economize on its use in pastries and to have hotels and restaurants ration sugar to their patrons. Mr. Riley declared that if his efforts to enforce the proper distribution of sugar through refiners and brokers failed he would endeavor to have their licenses revoked.

Since there is no law under which sugar rationing could be controlled, the whole movement rests upon the co-operation of producers.

FIVE INJURED AS AUTO UPSETS ON JAMESTOWN PIKE

Mrs. Cassius Hilliard and Mary Langan Seriously Hurt.

MACHINE SKIDS

Accident Happens at Crossroads Of Jasper and Jamestown Pikes.

Two people are in McClellan Hospital in a serious condition, and three others were severely injured, when a five passenger Oldsmobile automobile in which they were riding turned over on the Jamestown pike, about three miles out of Xenia, Sunday afternoon at three o'clock.

Mrs. Cassius Hilliard, 204 North Miami Avenue, who received serious contusions and injuries about head, and Mary Langan, 14, daughter of Martin Langan, Miami, who received similar injuries about head and face, are the most seriously injured. Others injured are Cassius Hilliard, partially paralyzed on forehead, right hand and arm, and severe back and shoulder injuries. Florence Hilliard, 14, cut and bruised about head, face and body, and severe gash in the leg, and Mrs. George McDonnell, 12, daughter of Mr. McDonnell, 12, daughter of Mr. McDonnell, gash in back of head and bruises.

All five people were removed immediately to the McClellan Hospital, where their injuries were dressed by Doctors E. R. and E. R. McClellan, Doctors W. H. and Kent Finney and Dr. C. G. McPherson. Eleanor McDonnell was removed to her home after having her injuries dressed, but the other four victims of the accident are still at the hospital. Mrs. Hilliard and Mary Langan did not regain consciousness until Monday morning.

WAS NOT SPEEDING.

Eye witnesses of the accident said that Mr. Hilliard was not speeding at the time of the accident, and that he was probably not driving at a greater rate of speed than 30 miles an hour. The accident occurred at the cross roads that lead from the Jamestown to the Jasper pike, and it is thought that Mr. Hilliard, who was driving, attempted to negotiate the right hand turn to go over to the latter pike. It is thought that in putting on the brakes to slow down the car, that his foot also touched the accelerator, causing the engine to speed, and throwing the back end of the car around. Motorists who saw the accident say that the machine made a half turn in the road, and faced toward Xenia, and then turned upside down in the ditch.

As the machine turned over, everyone in the car with the exception of Mr. Hilliard was thrown out, according to eye witnesses. It is believed that Mrs. Hilliard's head struck a stone culvert at the scene, causing a deep gash in her head, but fortunately not fracturing the skull. The fact that the ditch has about a four foot embankment, kept the car from crushing Mr. Hilliard who was beneath it. He was rescued by passing motorists who stopped, and the victims of the accident were brought to this city in machines.

Mr. Hilliard has been driving an automobile for five years and had the reputation of being a careful driver. The Oldsmobile he was driving Sunday he had just purchased and had been driving only a week. It was damaged but able to operate under its own power, when taken to a garage in Xenia.

PROSECUTION URGED AGAINST DEALERS

Washington, June 7.—Holding that scarcity of news-print paper, which has handicapped American newspapers, to be "more the result of artificial obstructions than of natural laws," the senate committee which investigated the paper situation recommended that the department of justice institute proceedings under the Sherman and Clayton acts against print paper manufacturers. Manufacturers were charged by the committee with unjust, illegal and discriminatory practices. Present prices for news-print paper are held by the committee to be "excessive and unwarranted." The committee recommends the establishment of a federal news-print board "to supervise the manufacture and distribution of print paper" should government efforts to maintain a reasonable price fail.

Eye witnesses of the accident said that Mr. Hilliard was not speeding at the time of the accident, and that he was probably not driving at a greater rate of speed than 30 miles an hour. The accident occurred at the cross roads that lead from the Jamestown to the Jasper pike, and it is thought that Mr. Hilliard, who was driving, attempted to negotiate the right hand turn to go over to the latter pike. It is thought that in putting on the brakes to slow down the car, that his foot also touched the accelerator, causing the engine to speed, and throwing the back end of the car around. Motorists who saw the accident say that the machine made a half turn in the road, and faced toward Xenia, and then turned upside down in the ditch.

As the machine turned over, everyone in the car with the exception of Mr. Hilliard was thrown out, according to eye witnesses. It is believed that Mrs. Hilliard's head struck a stone culvert at the scene, causing a deep gash in her head, but fortunately not fracturing the skull. The fact that the ditch has about a four foot embankment, kept the car from crushing Mr. Hilliard who was beneath it. He was rescued by passing motorists who stopped, and the victims of the accident were brought to this city in machines.

Mr. Hilliard has been driving an automobile for five years and had the reputation of being a careful driver. The Oldsmobile he was driving Sunday he had just purchased and had been driving only a week. It was damaged but able to operate under its own power, when taken to a garage in Xenia.

PROSECUTION URGED AGAINST DEALERS

Washington, June 7.—Holding that scarcity of news-print paper, which has handicapped American newspapers, to be "more the result of artificial obstructions than of natural laws," the senate committee which investigated the paper situation recommended that the department of justice institute proceedings under the Sherman and Clayton acts against print paper manufacturers. Manufacturers were charged by the committee with unjust, illegal and discriminatory practices. Present prices for news-print paper are held by the committee to be "excessive and unwarranted." The committee recommends the establishment of a federal news-print board "to supervise the manufacture and distribution of print paper" should government efforts to maintain a reasonable price fail.

CONFESSES ROBBERY THROUGH POETRY TO POLICE OF DAYTON

The poet-bandit, is the title that might be given to William Puckett, alias Long, who says his address is in Xenia, and who is charged with robbery of the Ohio Cities Gas Co. station at Wayne and Xenia avenues some time ago.

Puckett confessed to the crime to Dayton police Friday night, reciting his part in the robbery all in rhyme. Referring to Dewey Rash, alias Harvey Porter, of Covington, Ky., his accomplice, as his "dear old pal" he dramatically recited a poem telling of his adventures with police, the theft of the automobile, the robbery of the filling station, and the subsequent chase by police.

Pessimistically he concluded "But our career is ended—twenty long years will be our time. And, God! How much I wonder about that dear old pal of mine." Puckett and Rash were both bound over to the grand jury and their bond fixed at \$10,000 yesterday.

William Corbin, the third member of the trio accused of the robbery was bound over last week. All three were arrested in Cincinnati on a loitering charge after escaping Dayton police. They were in company with Oca Shanks, alias Puckett, of this city, when arrested there.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Four three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

RALPH THOMAS GIVES CONCERT IN PARIS.

Xenia friends of Ralph Thomas, of Dayton, a nephew of Miss Jennie Thomas, of Xenia, who is studying voice in Paris, will be interested in the following from the Paris edition of the New York Herald. Kyle Dunkel who is mentioned, is an Osborn young man:

Music lovers enjoyed the concert given by Mr. Ralph Thomas last night at the Salle Gaveau, Paris. Mlle. Marie-Ange Henry assisted the singer, giving several groups of charming numbers on the violin.

Mr. Thomas was in excellent form and he sang to a most appreciative audience. Among his numbers most appreciated were three songs by the American composer, Mr. Campbell Tipton, "The Crying of the Water," "Requies" and "A Spirit Flower." Mr. and Mrs. Campbell Tipton occupied one of the boxes at the concert. Other of his songs were by S. Col-

ridge Taylor, Cesar Franck, Faure, Duparc, Ch. Koechlin, Giza Lehman, Roxas and Edwin Schneider. He sang the air from "La Vie de l'hème." Mr. Kyle Dunkel was accompanist.

President W. S. Scarborough, of Villberforce University, who is a member of the Republican State advisory committee, will go to Chicago Sunday night, to attend the Republican national convention.

"I was left in a very nervous and run-down condition," says Geo. Braegger, 70 Bell Ave., Elyria, Ohio. "Stomach was in bad condition. Appetite and digestion in bad shape. Could not get any sound restful sleep. Tossed about all night and was losing strength and weight. Could not eat. Food seemed to be repellant and I did not want to eat what I formerly liked. STABBING PAINS OF GOUT, LUMBAGO AND RHEUMATISM

Only those who have suffered with dread rheumatism, gout, lumbago and sciatica realize the torture of these diseases or the stubbornness with which they resist treatment. When these conditions are neglected they sometimes become incurable.

If you have ever suffered from the sharp twinges and inflammation which indicate a rheumatic condition, you had better begin now and get those acid poisons out of your blood. Rheumatic and gouty troubles are now known to be caused by an acid poison in the blood which can only be eliminated by an internal treatment. Rubbing and hot applications only temporarily stop the pain.

Prescription C-2223 is a preparation that will eliminate those poisons which will eventually cause you excruciating pain. It will prevent your being deformed or crippled in later years, which may happen if you don't do something right away.

To secure the best results from the use of Prescription C-2223, 2223 Liver Pills are recommended. They stimulate the liver and regulate the bowels.

Will not nauseate or gripe.
If your druggist cannot supply you with Prescription C-2223, one \$1.50 bottle and a box of pills will be sent you postpaid on receipt of \$1.75. Write Dept. 135 2223 Laboratory, Memphis, Tenn. for 1920 Almanac, literature and sample of pills.

Chill winds and cloudy skies did not mar the beauty of the May festival given by the children of the public schools on the lawn of the Roberts' Villa, Friday afternoon.

Several hundred people witnessed the beautiful program, which opened with the crowning of Miss Gertrude Jones, a member of the Junior class at Central High School as Queen of May.

Elizabeth Flynn and Doris Scott were the flower girls, while Charles Wallace Fair and Charles Shumaker were the main bearers. The Misses Mildred Hingley, Miriam Moon, Ethel Swan, Margaret Prugh, Eula Custis, Mildred Jones, Margaret Webster and Mary Birch were the queen's attendants.

HIGH COST OF EATING DIDN'T BOTHER THIS MAN

Geo. Braegger Wanted to Eat But Food Was Repulsive Until Nerv-Worth Fixed Up His Stomach.

"I was left in a very nervous and run-down condition," says Geo. Braegger, 70 Bell Ave., Elyria, Ohio. "Stomach was in bad condition. Appetite and digestion in bad shape. Could not get any sound restful sleep. Tossed about all night and was losing strength and weight. Could not eat. Food seemed to be repellant and I did not want to eat what I formerly liked. Lost 8 pounds. After taking two bottles of Nerv-Worth I regained my strength and weight. Stomach and digestion perfect. Sleep soundly all night through. Am not nervous and my appetite and digestion are in fine condition. I am strong and vigorous. I think Nerv-Worth is a sure and safe cure."

Nerv-Worth is wonderfully successful as a builder because of the way it acts. It aids digestion, drives out impurities and poisonous acids. It helps the stomach get full value from the digested food. It regulates the bowels, builds nerve force and tones the whole system. Is it any wonder that this man regained his lost weight with such help. Get back your vigor and strength. Be healthy and strong. Let Nerv-Worth tone you up. It whets the appetite and is equally good for young or old. Pleasant to take and contains nothing harmful. Guaranteed to be free from all narcotics or habit forming drugs. Sold and recommended by Sayre and Hemphill.

CONFESSES ROBBERY THROUGH POETRY TO POLICE OF DAYTON

The poet-bandit, is the title that might be given to William Puckett, alias Long, who says his address is in Xenia, and who is charged with robbery of the Ohio Cities Gas Co. station at Wayne and Xenia avenues some time ago.

Puckett confessed to the crime to Dayton police Friday night, reciting his part in the robbery all in rhyme. Referring to Dewey Rash, alias Harvey Porter, of Covington, Ky., his accomplice, as his "dear old pal" he dramatically recited a poem telling of his adventures with police, the theft of the automobile, the robbery of the filling station, and the subsequent chase by police.

Pessimistically he concluded "But our career is ended—twenty long years will be our time. And, God! How much I wonder about that dear old pal of mine." Puckett and Rash were both bound over to the grand jury and their bond fixed at \$10,000 yesterday.

William Corbin, the third member of the trio accused of the robbery was bound over last week. All three were arrested in Cincinnati on a loitering charge after escaping Dayton police. They were in company with Oca Shanks, alias Puckett, of this city, when arrested there.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply. He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

RALPH THOMAS GIVES CONCERT IN PARIS.

Xenia friends of Ralph Thomas, of Dayton, a nephew of Miss Jennie Thomas, who is studying voice in Paris, will be interested in the following from the Paris edition of the New York Herald. Kyle Dunkel who is mentioned, is an Osborn young man.

Music lovers enjoyed the concert given by Mr. Ralph Thomas last night at the Salle Gaveau, Paris. Mlle. Marie-Ange Henry assisted the singer, giving several groups of charming numbers on the violin.

Mr. Thomas was in excellent form and he sang to a most appreciative audience. Among his numbers most appreciated were three songs by the American composer, Mr. Campbell Tipton, "The Crying of the Water," "Requies" and "A Spirit Flower." Mr. and Mrs. Campbell Tipton occupied one of the loges at the concert. Other of his songs were by S. Col-

eridge Taylor, Cesar Franck, Faure, Duparc, Ch. Koechlin, Giza Lehman, Roxas and Edwin Schneider. He so sang the air from "La Vie de l'heme." Mr. Kyle Dunkel was accompanist.

President W. S. Scarborough, of Viberforce University, who is a member of the Republican State advisory committee, will go to Chicago Sunday night, to attend the Republican national convention.

CONFESSES ROBBERY THROUGH POETRY TO POLICE OF DAYTON

The poet-bandit, is the title that might be given to William Puckett, alias Long, who says his address is in Xenia, and who is charged with robbery of the Ohio Cities Gas Co. station at Wayne and Xenia avenues some time ago.

Puckett confessed to the crime to Dayton police Friday night, reciting his part in the robbery all in rhyme. Referring to Dewey Rash, alias Harvey Porter, of Covington, Ky., his accomplice, as his "dear old pal" he dramatically recited a poem telling of his adventures with police, the theft of the automobile, the robbery of the filling station, and the subsequent chase by police.

Pessimistically he concluded "But our career is ended—twenty long years will be our time. And, God! How much I wonder about that dear old pal of mine." Puckett and Rash were both bound over to the grand jury and their bond fixed at \$10,000 yesterday.

William Corbin, the third member of the trio accused of the robbery was bound over last week. All three were arrested in Cincinnati on a loitering charge after escaping Dayton police. They were in company with Oca Shanks, alias Puckett, of this city, when arrested there.

Officials Warn People to

Stay Away from People with
Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days. Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

"IT BUILT ME UP FIVE YEARS AGO"

Stomach Trouble Gone and Has Gained Twenty Pounds Since Taking Tanlac, Says Crouse.

Although it has been five years since Harry Crouse, 967 North Fourth street, Columbus, Ohio, foreman for the Tinkin Auto Bearing Company, realized the remarkable reconstructive powers of Tanlac, like thousands of others who have used it with the same wonderful results, he still finds pleasure in telling the people about it. A few days ago, while relating his experience with the medicine Mr. Crouse said:

"Yes, sir, it was five years ago that Tanlac put an end to a bad case of stomach trouble for me, and not only that, but it put me into shape where I gained twenty pounds in just a few weeks' time."

"At that time I began taking Tanlac and even for years before, I had been in an awful run-down condition, suffering from indigestion in its worst form. My stomach was sour all the time and I had reached the point where I dreaded for meal time to come for nearly every bite I ate meant trouble for me. Right after eating anything I felt full and weak and my heart would palpitate terribly. I was awful nervous and felt bilious and nauseated most of the time. I lost a good deal of weight and was so drowsy and out of sorts I was hardly able to stay at my work."

"As soon as I started taking Tanlac I knew I had at last found the medicine I needed for the indigestion began to leave me and I commenced to pick up weight. I kept on improving until I had gained back all my lost weight and was feeling as fine as I ever did in my life. I could eat anything I wanted without any trouble, was not nervous or bilious and, in fact, was a perfectly well man. That was five years ago and I have been enjoying the very best of health ever since until a short time ago I began to feel weak and run-down. I knew how Tanlac had fixed me up before, so I got another bottle and am now back in fine shape again. Several of my friends have started taking Tanlac and are getting the same relief."

Tanlac is sold in Xenia by Sayre & Hemphill, in Yellow Springs by A. Finley, Bowersville, N. K. Bowerheister; Fairfield, Paul P. Young; Osborn, C. T. Logsdon; New Burlington, W. C. Smith.

Geo. Braegger Wanted to Eat But Food Was Repulsive Until Nerv-Worth Fixed Up His Stomach.

"I was left in a very nervous and run-down condition," says Geo. Braegger, 70 Bell Ave., Elyria, Ohio. "Stomach was in bad condition. Appetite and digestion in bad shape. Could not get any sound restful sleep. Tossed about all night and was losing strength and weight. Could not eat. Food seemed to be repellant and I did not want to eat what I formerly liked. Lost 8 pounds. After taking two bottles of Nerv-Worth I regained my strength and weight. Stomach and digestion perfect. Sleep soundly all night through. Am not nervous and my appetite and digestion are in fine condition. I am strong and vigorous again. I think Nerv-Worth is a wonder, and a sure and safe cure."

STABBING PAINS OF GOUT, LUMBAGO AND RHEUMATISM

Only those who have suffered with dread rheumatism, gout, lumbago and sciatica realize the torture of these diseases or the stubbornness with which they resist treatment. When these conditions are neglected they sometimes become incurable.

If you have ever suffered from the sharp twinges and inflammation which indicate a rheumatic condition, you had better begin now and get those acid poisons out of your blood. Rheumatic and gouty troubles are now known to be caused by an acid poison in the blood which can only be eliminated by an internal treatment. Rubbing and hot applications only temporarily stop the pain.

Prescription C-2223 is a preparation that will eliminate those poisons which will eventually cause you excruciating pain. It will prevent your being deformed or crippled in later years, which may happen if you don't do something right away.

The manufacturers are so certain that Prescription C-2223 will relieve you that they authorize all druggists to return the \$3.00 which are paid for two \$1.50 bottles to those who are not satisfied with the benefit received.

To secure the best results from the use of Prescription C-2223, 2223 Liver Pills are recommended. They stimulate the liver and regulate the bowels.

Will not nauseate or gripe. If your druggist cannot supply you with Prescription C-2223, one \$1.50 bottle and a box of pills will be sent you postpaid on receipt of \$1.75. Write Dept. 125 2223 Laboratory, Memphis, Tenn. for 1920 Almanac, literature and sample of pills.

"IT BUILT ME UP FIVE YEARS AGO"

Stomach Trouble Gone and Has Gained Twenty Pounds Since Taking Tanlac, Says Crouse.

Although it has been five years since Harry Crouse, 967 North Fourth street, Columbus, Ohio, foreman for the Timken Auto Bearing Company, realized the remarkable reconstructive powers of Tanlac, like thousands of others who have used it with the same wonderful results, he still finds pleasure in telling the people about it. A few days ago, while relating his experience with the medicine Mr. Crouse said:

"Yes, sir, it was five years ago that Tanlac put an end to a bad case of stomach trouble for me, and not only that, but it put me into shape where I gained twenty pounds in just a few weeks' time."

"At that time I began taking Tanlac and even for years before, I had been in an awful run-down condition, suffering from indigestion in its worst form. My stomach was sour all the time and I had reached the point where I dreaded for meal time to come for nearly every bite I ate meant trouble for me. Right after eating anything I felt full and weak and my heart would palpitate terribly. I was awful nervous and felt bilious and nauseated most of the time. I lost a good deal of weight and was so drowsy and out of sorts I was hardly able to stay at my work."

"As soon as started taking Tanlac I knew I had at last found the medicine I needed for the indigestion began to leave me and I commenced to pick up weight. I kept on improving until I had gained back all my lost weight and was feeling as fine as I ever did in my life. I could eat anything I wanted without any trouble, was not nervous or bilious and, in fact, was a perfectly well man. That was five years ago and I have been enjoying the very best of health ever since until a short time ago I began to feel weak and run-down. I knew how Tanlac had fixed me up before, so I got another bottle and am now back in fine shape again. Several of my friends have started taking Tanlac Balm gives amazing relief in Tanlac is sold in Xenia by Sayre & Hemphill, in Yellow Springs by A. Finley; Bowersville, N. K. HIGH COST OF EATING DIDN'T BOTHER THIS MAN

Geo. Braegger Wanted to Eat But Food was Repulsive Until Nerv-Worth Fixed Up His Stomach.

"I was left in a very nervous and run-down condition," says Geo. Braegger, 70 Bell Ave., Elyria, Ohio. "Stomach was in bad condition. Appetite and digestion in bad shape. Could not get any sound restful sleep. Tossed about all night and was losing strength and weight. Could not eat. Food seemed to be repellant and I did not want to eat what I formerly liked. Lost 8 pounds. After taking two bottles of Nerv-Worth I regained my strength and weight. Stomach and digestion perfect. Sleep soundly all night through. Am not nervous and my appetite and digestion are in fine condition. I am strong and vigorous again. I think Nerv-Worth is a wonder, and a sure and safe cure."

the Governors and state leaders that they will demand to be heard. The adjournment that follows the second or third ballot probably will find the convention ready to go over the top and noon of the next will be zero hours. That will be the time to be prepared for surprises.

There will be five and possibly six seconding speeches following the address by Governor H. J. Allen, of Kansas, placing the name of General Wood in nomination, but none will last more than five or six minutes.

Chairman Hays today appointed a committee to draft a plank recommending that a change be made in the representations of the state to the National Convention. This would cut down Southern representation.

The sentiments expressed on the street, presumably reflecting the views of "the man up the tree," are as many and as carried as the number of candidates.

If there is a man in Chicago who knows what the Republican National Convention is going to do he hasn't appeared with proofs of his knowledge.

CONFIDENCE MEN FLEECE WOMAN OUT OF BIG SUM

Mrs. Milly Ann Penn, colored, 224 Fair street, is wiser at the expense of \$231 as the result of the work of clever confidence men, who swindled her out of that amount Thursday, according to police.

Two colored men, successfully worked the pocketbook game on Mrs. Penn, and then left town. Friday Mrs. Penn reported the matter to the police who are conducting an investigation.

One of the men stopped at the home of Mrs. Penn Thursday and asked for a drink of water. She invited him inside and while they were standing near the door, the second man came past and picked up a pocketbook near the gate. The first man called Mrs. Penn's attention to the action and when the second man returned they stopped him and insisted that unless he divide the contents, that they would give him away.

The man disclosed two \$500 bills and a \$200 Liberty Bond in the pocketbook, and in order that the sum be divided so that each would share alike, it was necessary that someone change the money. For that purpose Mrs. Penn gave them a \$20 bill, and later drew her savings of \$211 from the Building and Loan, which she also presented to them. When the division was to be made she would get \$400 plus the amount she had offered to assist in changing the bills. After securing the money the alleged confidence men left, as they said, to sell the Liberty Bond. They said they would return at six o'clock with the money.

Chief Graham is now awaiting the arrival of pictures of two colored men arrested in Dayton Thursday, answering to the description of the two men wanted here. One is described as being medium height, smooth face, light complexion, and wearing a blue suit and soft brown hat. The other man was tall and slender, square shoulders smooth faced, dark brown, and wore a brown suit and soft brown hat.

ORIENT HILL PEOPLE GIVE A COMMUNITY SUPPER ON FRIDAY

Between 250 and 300 people, residents and former residents of Orient Hill, attended the community supper held at the Orient Hill school building under the auspices of the Orient Hill Mother's Circle Friday evening.

It was planned to make the affair an outdoor picnic on the school house lawn but owing to the cool weather, it was held inside of the school house, seven tables being laid for the large crowd on hand. The tables themselves were decorated with cut flowers, roses and peonies, donated by members of the circle, being used.

Previous to the supper the children of the school repeated the folk dances given as part of the annual school outdoor fete, on the lawn at the school house. Attorney C. W. Whitmer, acted as toastmaster for the after dinner speeches which followed, and Mrs. Frank Hurley, president of the Mother's Circle, Jacob Kany of the Board of Education Roy C. Hayward, who represented the former residents of the hill who had moved away, and John Beachem, business manager of the schools all responded.

The picnic supper served was provided by the women, and coffee and ice cream were served out of the funds. The Orient Hill Welfare Association, which formerly staged many like affairs, is now extinct, but the funds remaining in the treasury were turned over to the Mother's Circle, and were used in arranging for Friday night's affair.

FUNERAL SERVICES HELD FOR CATHERINE NOGGLE SATURDAY

Funeral services for Little Catherine Alice Noggle were held at the late home on the Anderson road six miles south of Xenia Saturday afternoon at two o'clock.

The services were in charge of Rev. Wright of New Burlington. A quartet composed of Mr. and Mrs. Paul Beam, Mrs. Joseph Mason and Elwood Stroup sang two hymns. Members of Miss Noggle's Sunday School class were the pall bearers. They were Merrill Weaver, James Beam, Lawrence and Raymond and Earl and Leon Weaver. Burial was made in Woodland Cemetery here.

PUBLICITY BEGUN FOR DOLLAR DAY

Advertising and publicity for the big Dollar Day to be held by Xenia merchants under the auspices of the Chamber of Commerce on Thursday June 10 was begun Monday morning.

Posters and window cards were distributed and Secretary Tingley of the Chamber of Commerce and members of the Dollar Day committee of that organization visited the nearby towns in the county, in the advertising campaign. The committee is composed of Karl Bloom, chairman, J. Walker Gibney, vice chairman, W. E. Boring and Robert Kingsbury.

Efforts are being made to make the Dollar Day this year the biggest that has ever been held, and the majority of Xenia merchants are offering special bargains for the single price of a dollar on that day. Merchants have entered heartily into the spirit of the day and are cooperating in an attempt to make the day stand out in commerce circles.

THE UNIVERSAL CAR

Every Ford Owner Should Know

Just what Ford Service is, and why it is different from ordinary garage service, and why it is more profitable to patronize the Authorized Ford Dealer?—The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements so you don't have to wait while he sends for them, and he uses only genuine parts because he knows the imitation parts aren't dependable and don't wear.

Now, we are Authorized Ford Dealers—a part of that great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. We are prepared and equipped to render prompt, careful Ford service. Drive in or phone and we'll come after your car.

MARION FARMER GOT RELIEF FROM TERRIBLE ECZEMA

Would wake him up during the night and could not resist scratching, which caused great sores. Declares the root and herb remedy, Dreco, has driven it from his system.

"I hope some person who suffers from eczema will read what I have to say and will be led to try this great medicine, Dreco," are the words of Mr. L. A. Collins, one of Marion, O.'s, best citizens, who owns a big farm four miles from this city. "My life has been a misery for years on account of this terrible disease," he continued. "Why, it would wake me up at night itching and burning like fire. I could not resist scratching, as that seemed to relieve it, but this soon made big sores all over my body. I've tried ointments, creams, lotions, everything recommended to cure eczema, but without success."

"I decided to try Dreco, which was claimed to be a blood purifier and system cleanser, and Dreco is what has given me such wonderful relief. It has stopped the itching and burning, also dried up the sores, and today I am absolutely free from eczema. Dreco also cleaned my liver off; stopped the dizzy spells; quieted my nerves so that I could sleep well, and has created a splendid appetite. I certainly praise Dreco at every opportunity."

Dreco is made from herbal plants which clear the impurities from the blood; rouse a lazy liver to action; strengthen weak kidneys; aids the stomach to digest the food, and relieves constipation. All good druggists sell Dreco and it is being specially introduced here by

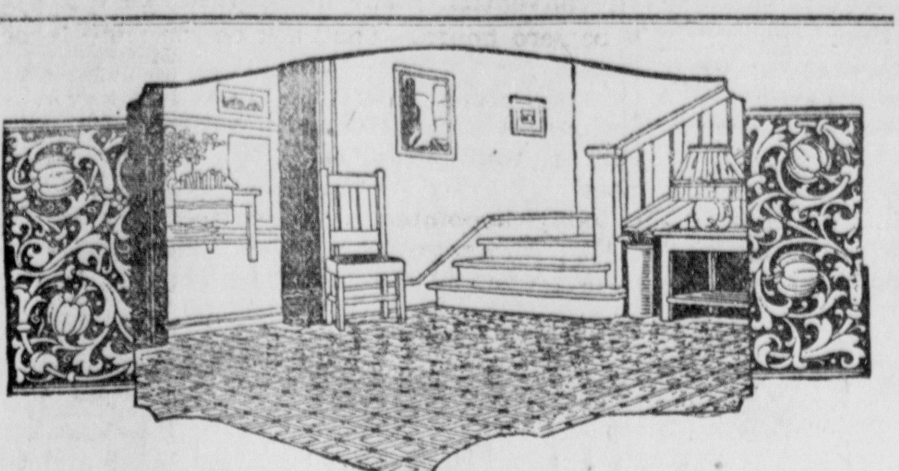

Sohn's Drug Store.

CONCRETE BASE ON HOME AVENUE LAID

The laying of the concrete base on Home avenue was completed by the Republic Asphalt Co formerly the J. E. Conley Co, Saturday afternoon.

The work was delayed weeks by cold weather, rain and a freight tie up, that held up cement and supplies. With the final start however it was rushed through rapidly, the work of laying the cement only taking about a week, despite adversities.

The huge concrete mixer used, enabled a high rate of speed to be attained and it keeps a large force of men busy keeping it in materials. By the time the concrete is hardened the street will be thrown open for vehicle use until the asphalt is laid. The street can be used indefinitely without harm until the asphalt top coat is put on.

TESTED RECIPES.
Beef Stew with Dumplings.—Cut a pound of lower round steak into cubes and brown in a tablespoon of hot fat in a skillet. Put in casserole with a quart of water and put in oven for two or three hours. An hour before meal time add a large diced potato, a carrot and two tablespoons canned tomatoes; also an onion if liked. Season with salt and pepper and return to the oven. Twenty minutes before serving time add dumplings.

Dumplings.—One cup flour, one and one-half teaspoons baking powder, one-half teaspoon salt sifted together. Wet with milk to make drop batter. Drop from teaspoon into stew, cover and cook for twenty minutes.

Fruit Salad.—One-half canned pear for each serving, one-half orange, one-half banana sliced. Put orange and banana on crisp lettuce leaf and cut pear in strips to radiate from center. Add a spoon of mayonnaise which has been made with lemon juice instead of vinegar.

Peach Pudding.—Put one-half a canned peach in the bottom of a custard cup and fill up with cooked cereal, rolled oats preferred. Set away till cold, unmold and serve with thin, sweetened cream or custard.

Spice Cake.—Cream together one-half cup lard or butter substitute and two cups brown sugar; add beaten yolks of two eggs, two teaspoons cinnamon, one teaspoon cloves, one teaspoon soda dissolved in one cup sour milk, two and one-half cups flour—add one-half teaspoon baking powder to the flour. Bake in layers.

Filling.—One cup granulated sugar, one-quarter cup water. Boil till it will make a soft ball when dropped in cold water. Add this to the beaten whites of two eggs, and one cup of chopped raisins.

USE MAPLE SYRUP FOR SUGAR.
Corn Cakes with Maple Sugar.—Make the corn cakes in the usual manner. Butter each one and sprinkle with shaved maple sugar. Repeat until there are three or four with their alternate layers of butter and sugar. Place in an oven for short time, then serve immediately.

Grapefruit Cup with Maple Syrup.—Remove the sections of grapefruit from the rind and carapels. Put them into a sherbet glass. Add two tablespoons of maple syrup to each glass. Let stand an hour, chill and serve.

Maple Hard Syrup.—This is an extravagant sauce unless you own your own maple sugar grove, but it is delicious enough to warrant an occasional indulgence. To make it mix, as for any hard sauce, one-fourth cup of butter and one-half cup very finely shaved maple sugar.

Maple Toast.—Toast bread a light golden brown. Spread with soft maple sugar. Return to the oven for a few moments until the sugar melts.

Maple Bread Pudding.—Add one-fourth cup maple syrup or maple corn syrup instead of sugar to plain bread pudding.

THE TRIALS OF JOB-HUNTING.

Chapter 31

I told my landlady I was going to leave, but pretended not to hear when she asked questions. I would leave myself in a servant's position, my cheeks burned like fire; and yet I was immensely grateful to have obtained even that.

I don't believe there is anything in the world that takes the conceit out of a person so quickly as hunting employment, especially if they are not experienced.

All the time I was packing my trunk I was thinking of mother, and the way she managed her home. She never had the burlesque almost insulting manner toward her help that I had met with. I went over the different places I had tried in mind.

"You are altogether too good looking for a servant in a house where there are men," one woman said to me—a fretful looking faded sort of a woman. "You'd better try to find a place with a widow, or single woman."

Another said: "I have a young son. I want an older woman." I didn't see what my age had to do with it if I did my work well, and in desperation I told her so. She replied: "My boy is just of an age when a designing woman might spoil his life."

"But I am not a designing woman. I am only a poor girl searching em-

ployment," I pleaded.

"You will not do."

Another said to me:

"You are too well dressed to be an honest girl. I might try you even without references were it not for that." She spoke kindly, and I explained—without giving my own name. I had decided to use mother's maiden name because it would hurt no one and might save discovery of what I was doing—that they were all I had, that my father had died and left me with nothing but my clothes. Then she said: "If your story is true, why not get me some references from your old friends—those who knew you during better days."

"No, I can't do that! I won't!" I exclaimed passionately. "Oh, couldn't she see I couldn't let them know?"

"Then I am afraid I can't take you," she said, and I pleaded no longer. I would not explain again. It did no good—only made it harder for me.

There were others. Some wanted only thoroughly experienced help; others refused to take me; some even would not see me when they found thru the other servants that I had no references. So it was with thankfulness that I finally took the position with Mrs. Rush, tho she seemed harsh and unkind.

I was to receive \$50 a month. Even before I reached the house the following morning I had decided that I would save every penny of it. I

would have about \$15 left by the time I had paid for my room, and the expressman who had agreed to take my trunk to my employer's—charging me exorbitantly because of the distance.

Back in my mind was the thought that if I saved that month's salary, with my \$15 added, I might, if conditions required, go to some other city—Chicago, perhaps. I had been there once with dad and mother, and I felt that I could easily lose myself, hide my identity, in the pushing crowds.

I had not been comfortable when in the street since the day I had seen Claudia and Jack. I had worn a thick veil every time I went out.

Does it seem strange that I avoided all with whom I had been so intimate? Put yourself in my place. From affluence to poverty—from being able to do all the things they did, go where they went, be one of them, I was now simply hunting a place where I could earn enough to live upon and later when her little remnant was gone, to support my mother.

That I couldn't marry Jack Pryor, big-hearted fellow that he had proved himself to be, may also seem strange. But whenever I had been tempted—right after dad left us—the thought of Kenneth Lawrence came to me. Not that I ever expected to see him again—but I knew I cared more for him than for Jack and I could not bring myself to cheat myself and Jack by marrying him for his money. GREAT REMOVAL SALE

Moving from one house to another is bad enough, but moving a store from one location to another is ten times worse. Yet that is what we are compelled to do and that, too, right in the midst of a very busy season.

We have purchased the lease and Furniture Stock of LeRoy Brower and our present lines are to be combined with that stock on July 1st.

The new location will be 36-38 W. Main street. But our present stock must be greatly reduced. The market prices of today and the small amount of available merchandise does not warrant a sale of any sort but extra expense and trouble of moving would be no small item.
